

SPP 2021 PROGRAM

MONDAY JUNE 28
to
FRIDAY JULY 2

The Society for Philosophy and Psychology

47th
Annual Meeting

Preconference Workshop on Essentialism
Friday June 25

Hosted
virtually on
 Gather

Welcome!

Welcome to the 47th annual (and inaugural online!) meeting of the
Society for Philosophy and Psychology!
We are very excited to share this year's outstanding program with you.

This conference is made possible by generous support from
Princeton University's Department of Psychology Langfeld Fund & the Department of
Philosophy. We thank them for their support and generosity.

We are also grateful to everyone who refereed papers for the conference and who
volunteered their time to ensure that we have an excellent program this year. We are
particularly grateful to the members of our two William James Prize committees. We would
also like to thank Alexa Sacchi, the architect of the conference space in Gather.town.

Finally, we extend the utmost gratitude to Larisa Heiphetz and Eric Mandelbaum, who put
together an outstanding program for the 2020 conference prior to it being postponed due
to COVID-19. We have held over their excellent program here, and extended it to include
new submissions from 2021.

We hope that you have a productive and stimulating meeting. We will look forward to
seeing you again next year for the 48th annual meeting of the SPP!

General Information

Registration

Registration for the pre-conference and conference can be completed online at <https://tinyurl.com/SPP2021Registration>. **The registration deadline is Sunday June 20.**

If you register after this date, there will be some delay between your registration and your access to the Gather.town site, as we will need to add latecomers manually. So please help us out by registering ASAP!

Locations & Times

★ [All conference times are listed in EDT](#) ★

All conference events will take place in Gather.town. The URL for the conference will be sent to you by email before the conference. **For security purposes, you must log in to the conference using the email address you registered with.**

Talks will be located in rooms within Gather, very similar to the setup at an in-person conference. Each talk lists an associated room. Once you enter the room, you will see an icon for the talk, which opens a link to a Zoom room. We request that audience members mute themselves during talks, except to ask questions during the Q&A.

Posters will be available for viewing at any time throughout the conference, but will only be “staffed” during the poster sessions. This means you may browse posters at your convenience, and return during poster sessions to chat with presenters.

The main lobby space will serve as a “lounge” area throughout the entirety of the conference, where you may chat with others in an informal environment. There is also a beach area just outside – don’t forget the sunscreen!

General Information

Information for Session Chairs and Speakers

Chairs of invited and contributed sessions will strictly enforce the total time allotted to each speaker: 20 minutes for the talk and 10 minutes for Q&A. Chairs will also follow the order of presentations listed in the program. Transition time between talks (e.g., preparing slides for screen sharing) should happen during the Q&A for the previous talk. To allow for attendees switching among parallel sessions, talks should not begin before their scheduled time, even if the previous talk ended early. No introductions are necessary beyond the speaker's name and talk title. **Talks will not be recorded.**

Information for Poster Presenters

Posters may consist of either a traditional poster or a 5-minute video. Posters (or videos) are located in the room corresponding to your listing in the program (e.g., poster A1 is in Room A, Location 1), and have been pre-loaded to this location prior to the conference. They will be available for viewing at any time for the duration of the conference. Each poster also has a designated "office hour" during which at least one author should be standing next to the poster to discuss the work and answer questions. Your poster session (or "office hour") time and location is listed on the corresponding page in this program.

Get Involved

Vote for Best Poster

At any time during the conference you can vote for the best poster by filling out the online survey at https://utorontopsych.az1.qualtrics.com/jfe/form/SV_eUOOoLx7y2cw9dY. To help you remember which poster you want to vote for, each poster has a location (e.g. A1), and you can vote using the location, title, or author information.

Business Meeting

Open to all attendees. Friday, July 2 at 11:00-11:30am. **Keynote Room**

Join the SPP Listservs

Email hamlinlab@psych.ubc.ca to join SPP-ANNOUNCE (official business) and/or SPP-MISC (monthly paper digest, job postings, CFPs from other conferences, etc.)

Post your in-press papers to the monthly digest

Each month on the 15th, a list of in-press papers from the SPP community is sent through the SPP-MISC listserv. To include your recent paper or book in the next month's list, email christina.starmans@utoronto.ca with title, authors, affiliations, journal, 3 keywords, corresponding author email, and link to pre-print if available.
