41st Meeting
Society for Philosophy and Psychology
June 4-6, 2015
Pre-conference workshop June 3rd

Welcome!

Welcome to Duke University for the 41st annual meeting of the Society for Philosophy and Psychology! We are very excited to share this year's outstanding program with you. We are particularly excited to have many presenters who are new to the SPP this year.

This conference is made possible by generous support from many individuals, institutions, departments, and centers. Please take a moment to look over the list on the next page. We thank them all for their support and generosity. We are especially grateful to the Duke Institute for Brain Sciences (DIBS) for hosting us in their new building and we are honored to be the first conference to use this beautiful space.

We are also grateful to everyone who refereed papers for the conference and who volunteered their time to ensure that we have an excellent program this year. We are particularly grateful to the members of our two prize committees who were instrumental in selecting the William James Prize winner and honorable mentions and the Poster Prize finalists. Nadia Chernyak, Chaz Firestone, Victor Kumar, and Joseph McCaffrey served on the James Prize committee, and Sydney Levin, Jonathan Phillips, David Rose, and Liane Young served on the Poster Prize committee.

A special thanks goes to Bryce Gessell, Eleanor Hanna, Paul Henne, Natasha Parikh, Luka Ruzic, Clara Colombatto, Gregory Stewart, Andrew Meriwether, Molly Josephson, Vlad Chituc, and Margaret O'Brien, for their invaluable assistance in providing on-site support, and to staff from the Duke Department of Philosophy, DIBS, and the Millennium Hotel.

We hope that you will have the opportunity to explore Durham and the surrounding area during your stay. We will look forward to seeing you again next year for the 42nd annual meeting of the SPP!

Tamar Gendler (SPP President)
Michael Brownstein, Felipe De Brigard, and Deena Skolnick Weisberg (SPP

Information for Chairs and Speakers

Each contributed session consists of 3 to 5 talks. Chairs will strictly enforce the total time allotted to each speaker. Chairs will also follow the order of presentations listed in the program. Transition time between talks should happen during the Q&A for the previous talk. Except for the invited symposia, all allotted times listed on the program are INCLUSIVE of time for Q&A.

A/V equipment will be provided for all sessions. However, if you are planning to use a Mac to project your presentation, you will need to bring your own video adapter.

Information about Posters

Poster presenters may install their posters on June 3 and 4 a few hours before the poster session starts. Poster boards and thumbtacks will be provided. The boards are 8'x4', but posters should be around 3'x4' so that we can accommodate more than one poster per board. At least one author should always tend the poster during the session period and be available to explain the work and answer questions.

Posters selected as finalists for the Poster Prize will be marked. Please vote for the best poster by filling out an online survey --- instructions on how to do this will be emailed to you at the address you used to register for the conference.
